

**Randy Fruchter, CCH
Vice President**

Randy Fruchter, CCH is a homeopathic practitioner with Hilltop Health & Homeopathy in Asbury Park, New Jersey. One of the aspects that he loves most about homeopathy is that no matter how minor or serious one's condition may be, the same laws of homeopathic healing apply. Randy especially likes working with children, who have the most to gain from avoiding conventional medication. Prior to his work as a classical homeopath, he served 10 years in community and transit planning with private consulting firms and various government agencies.
