Continuing Professional Development Committee Chair**

Sheela Porter-Smith, MSN, CCH, DHM is a practicing Nurse-Midwife/Family Nurse Practitioner who integrates Homeopathy into her practice with women and the general public. She has been using Homeopathy for over 30 years. Living in a rural area, she has experienced the resurgence of homeopathy on a grass roots level.

Sheela is passionate about the need to foster communication within the homeopathic community while at the same time proving its validity and safety to the larger Medical Community. It is through Certification that Homeopathy will remain strong.
