

Acute/Chronic Remedy Relationships

This reference is offered as a study tool for the CHC Exam. Exam takers should refer to the 155 required remedies for study. There are a few additional remedies listed below (in red) that will not be on the exam.

ACUTE REMEDY	CHRONIC REMEDIES
Aconitum napellus	• Sulphur
Apis	• Baryta carbonica • Natrum muriaticum
Arnica	• Spigelia
Arsenicum album	• Natrum sulphuricum • Thuja
Bacillinum	• Calcarea phosphorica • Psorinum
Belladonna	• Calcarea carbonica • Silica • Sulphur
Bryonia	• Alumina • Natrum muriaticum
Capsicum	• Natrum muriaticum
Chamomilla	• Sanicula • Tuberculinum
Chelidonium	• Lycopodium
China	• Phosphoricum acidum
Colocynthis	• Kali carbonicum • Staphysagria
Ferrum phosphoricum	• Tuberculinum
Hepar sulphuris	• Silica
Hydrocyanic acid	• Laurocerasus
Ignatia	• Natrum muriaticum • Sepia
Iodum	• Lycopodium
Medorrhinum	• Thuja
Nux vomica	• Sepia • Sulphur
Pulsatilla nigricans	• Kali sulphuricum • Lycopodium • Silica • Sulphur
Rhus toxicodendron	• Lycopodium • Tuberculinum (Bov)
Ruta graveolens	• Calcarea fluorica
Sulphuricum iodatum	• Tuberculinum

CHRONIC REMEDY	ACUTE REMEDIES
Alumina	• Bryonia
Baryta carbonica	• Apis
Calcarea carbonica	• Belladonna
Calcarea fluorica	• Ruta graveolens
Calcarea phosphorica	• Bacillinum
Kali carbonicum	• Colocynthis
Kali sulphuricum	• Pulsatilla nigricans
Laurocerasus	• Hydrocyanic acid
Lycopodium	• Chelidonium • Iodum • Pulsatilla • Rhus toxicodendron
Natrum muriaticum	• Apis • Bryonia • Capsicum • Ignatia
Natrum sulphuricum	• Arsenicum album
Phosphoricum acidum	• China
Psorinum	• Bacillinum
Sanicula	• Chamomilla
Sepia	• Ignatia • Nux vomica
Silica	• Belladonna • Hepar sulphuris
Spigelia	• Arnica
Staphysagria	• Colocynthis
Sulphur	• Aconite • Belladonna • Nux vomica • Pulsatilla nigricans
Thuja	• Arsenicum album • Medorrhinum
Tuberculinum	• Chamomilla • Ferrum phosphoricum
Tuberculinum (Bov)	• Rhus toxicodendron
